EXPERIENCE

2023 – 2025
Seattle, WA

Drupal Developer at **Elevated Third**

- Developed custom Drupal themes and modules to support both new builds and ongoing client maintenance

- Optimized website performance by resolving Lighthouse and PageSpeed Insights issues across multiple client sites, improving load times and Core Web Vitals scores.

2016 – 2023
Seattle, WA

Software Developer at **GamePress**

- Maintained and enhanced a high-traffic Drupal multisite platform serving tens of millions of visits monthly

- Built a modern web platform using TypeScript, React, Next.js, Remix, Prisma, and Strapi; launched to 600K+ pageviews in its first month

- Developed and lauched two native android apps with tens of thousands of downloads, achieving 4.5+ star ratings on the Google Play store

2015 – 2016
Honolulu, HI

Junior Web/Mobile App Developer at **Upspring Media**

- Maintained and enhanced Drupal and WordPress websites

- Developed and enhanced cross-platform mobile applications using the Corona SDK.
